APA Accredited Postdoctoral Fellowship in Clinical Health Psychology

Welcome!

Thank you for your interest in our Clinical Health Psychology Postdoctoral Fellowship. On behalf of myself, and our attending faculty, Scott Nyman, Ph.D., ABPP, Por Por Phunwutikorn, Ph.D., and Rebecca Sewell, Ph.D., I would like to thank you for considering our program for your fellowship capstone training experience. The Genesys program is a streamlined 1-year model, which aligns with the state of Michigan licensure laws, which require only a 1-year (2,000-hour) postdoctoral training experience and is consistent with APA postdoctoral training standards.

As you may have already reviewed on our website, our fellowship program offers three distinct, 4-month training rotations: Hospital based consultation-liaison service, Family Medicine outpatient clinic, and Internal Medicine / OB outpatient clinic. New for 2023, we will offer a minor rotation experience (1/day a week for 12 months) in either additional family medicine teaching, women's health, or bariatrics. We strive to offer a fellowship model that provides advanced training in Medical Education and integrated primary care (IPC) across three unique training settings, such that our graduates are well prepared to enter clinical leadership positions within traditional medical settings upon graduation. Our web page (<http://bit.ly/GenesysCHP>) offers further detail regarding our training program and curriculum specifics.

Should you have any questions regarding our fellowship program please do not hesitate to contact any of our program faculty:

- Dr. Heather Kirkpatrick: Heather.Kirkpatrick@ascension.org
- Dr. Scott Nyman: Scott.Nyman@ascension.org
- Dr. Por Por Phunwutikorn: porpor.phunwutikorn@ascension.org
- Dr. Rebecca Sewell: Rebecca.Sewell@ascension.org

Our fellowship is consistently rated highly by our graduates as providing a high-quality experience with specialized training and excellent supervision. We hope you will consider joining our team.

Thank you,

Heather Kirkpatrick, Ph.D., ABPP

Application Process

Applications can be completed using the APPA CAS system. Alternatively, applicants can email Alice Barillas (alice.barillas@ascension.org) the following documents: Cover Letter, Personal Statement of Interest, Curriculum Vitae, Three (3) Letters of Recommendation (One must be from your current supervisor - may be mailed or emailed and must come directly from the letter writer), and Official Transcripts (May be mailed or emailed but must come directly from the institution). Deadline for applications are posted on our website and APPA CAS.

Program Synopsis

The Ascension Genesys Fellowship in Clinical Health Psychology (CHP) provides advanced training in the recognized specialty practice area of clinical health psychology. We are APA accredited and provide training in atmosphere of individual and cultural diversity, cultural awareness, and equal opportunity. Graduating Fellows will be capable of assuming advanced / leadership roles in healthcare settings (e.g., primary care and specialty care) and, during Fellowship, will receive didactics / exposure to developing programs, service lines, and transdisciplinary teams within health care settings.

The Fellowship operates on a clinical-educator model designed to teach collaborative and integrated care within medical / healthcare settings. The aims of the program are consistent with the mission of Ascension Genesys Hospital. We have 2-3 fellows per year.

Our compensation package matches that of our 1st year medical residents including salary, medical / dental / vision coverage, vacation. Salary is for 2023-2024 is 55,869, with an additional \$3,000 for conference and reference materials.

Clinical Rotations

There are three rotations during the fellowship. Each is approximately four months in duration. Fellows rotate through each rotation during the fellowship year with one fellow assigned to one rotation, and all fellows complete all three rotations. We also offer minor rotations (1 day/week for 12 months).

Major Rotations (all complete)

1. Family Medicine
2. Internal Medicine/OB
3. Hospital Consultation-Liaison

Minor Rotations

1. Family Medicine in Southeast Michigan
2. Women's Health
3. Bariatric Psychology
